

{Neighborhood Services Unit (NSU) OASIS Community Action Program}

{5-Year Strategic Summary | FY2021–FY2025}

Prepared by: Ameritech Consulting Group

Date: May 2026

Classification: Public | Based on NSU Records & CSBG Annual Reports

Program: OASIS under CSBG, Texas HHSC

HEADLINE FINDINGS

- 36,500 unduplicated clients served (FY2021–2025)
- \$10.2M total CSBG expenditures
- 34% enrollment growth over 5 years
- All 5 FNPI indicators exceeded 68% national benchmark
- 91.4% TOP success rate (5-year)
- 1,690 families transitioned out of poverty
- \$267 cost per client (FY2025)
- Emergency service reliance down 23.2%

PAGE 1 — PROGRAM AT A GLANCE

The Neighborhood Services Unit (NSU) delivers the OASIS Community Action Program under the Community Services Block Grant (CSBG), administered through the City of Austin’s Public Health Department and overseen at the state level by the Texas Health and Human Services Commission (HHSC).

Operating through 7 neighborhood centers within a 254-county Texas reporting jurisdiction, NSU provides a continuum of services targeting Austin’s most economically vulnerable residents — from emergency crisis intervention through sustainable career and education pathways.

Program Snapshot (FY2025)

Metric	Value
Unduplicated Clients Served	8,227
Neighborhood Centers	7
FNPI Average Success Rate	72.5%
TOP Families Transitioning Out of Poverty	374
TOP Success Rate	93.5%
Annual Contract Budget	\$2,200,000
Cost per Client	\$267

Five-Year Totals (FY2021–FY2025)

Metric	Total
Unduplicated Clients Served	36,500
FNPI Outcomes Achieved	4,821
TOP Families Transitioned	1,690

Metric	Total
Units of Service Delivered	356,220
Total CSBG Expenditures	\$10,029,000

Seven Neighborhood Centers

Center	ZIP	Primary Population
Dove Springs	78744	Latino/a families, refugees
Rosewood-Zaragosa	78702	African American community, elderly
Montopolis	78741	Hispanic families, workforce adults
South Austin	78745	Multi-ethnic, single-parent households
Rundberg	78753	High-poverty corridor, East African community
George Morales	78744	Youth, workforce development
Northeast Center	78723	Mixed demographics, seniors, veterans

PAGE 2 — OUTCOME PERFORMANCE (FNPI INDICATORS)

NSU tracks five National Performance Indicators across employment and education domains. All five show consistent upward trends, with every indicator exceeding the national CSBG benchmark of 68% by FY2025.

FNPI Five-Year Performance

Indicator	Description	FY2021	FY2023	FY2025	Change
FNPI 4	Employment Skills Improved	65.6%	71.4%	74.9%	+9.3 pts
FNPI 4e	Employment Obtained	63.7%	69.5%	74.2%	+10.5 pts
FNPI 5	Credential/Degree Attained	65.1%	70.3%	74.7%	+9.6 pts
FNPI 5b	Children’s School Readiness	63.6%	68.2%	71.2%	+7.6 pts
FNPI 5d	GED / HS Diploma	61.5%	65.8%	70.5%	+9.0 pts
OVERALL	All FNPI Combined	63.9%	69.0%	73.9%	+10.0 pts

National CSBG benchmark: 68.0% | All NSU indicators exceeded benchmark by FY2025

Five-Year Cumulative Results

Indicator	5-Yr Enrolled	5-Yr Achieved	Avg Rate
FNPI 4 — Employment Skills	2,310	1,641	71.0%
FNPI 4e — Employment Obtained	1,232	860	69.8%

Indicator	5-Yr Enrolled	5-Yr Achieved	Avg Rate
FNPI 5 — Credential Attainment	1,036	731	70.6%
FNPI 5b — School Readiness	1,790	1,219	68.1%
FNPI 5d — GED / HS Diploma	557	370	66.4%
Overall FNPI	6,925	4,821	69.6%

Key Observations

- **FNPI 4e (Employment Obtained)** showed the greatest improvement at +10.5 pts, reflecting expanded employer partnerships with Austin Community College and Workforce Solutions Capital Area.
- **FNPI 5b (School Readiness)** remains the lowest performer at 71.2% — the primary area for targeted investment; COVID disruptions to early childhood programming continue to echo.
- All five indicators exceeded the national CSBG average of 68% by FY2025 — a portfolio-wide milestone reached for the first time in NSU history.
- Enrollment capture rate reached 97.5% in FY2025 (enrolled vs. target), reflecting improved intake screening processes.
- The training-to-placement gap (FNPI 4 vs. 4e) has narrowed from 1.9 pts in FY2021 to 0.7 pts in FY2025.

PAGE 3 — SERVICE DELIVERY (SRV INDICATORS)

Nine service categories collectively delivered 356,220 units of service to over 83,500 client contacts across the five-year period.

Service Volume Trends (FY2021 to FY2025)

Service	Description	FY2021	FY2025	5-Yr Total	Growth
SRV 3a.1	Case Management	18,420	27,830	116,820	+51.1%
SRV 4c	Employment Training	4,780	6,520	28,440	+36.4%
SRV 4i	Job Placement	2,140	3,010	12,940	+40.7%
SRV 5a	Education / Literacy	5,160	7,230	31,090	+40.1%
SRV 5jj	Child Care	8,640	11,840	51,220	+37.0%
SRV 7a	Emergency Services	12,840	9,870	55,730	-23.2%
SRV 7b	Health Services	3,280	4,480	19,590	+36.6%
SRV 7d	Housing Assistance	4,820	6,280	27,740	+30.3%
SRV 7n	Transportation	2,160	2,890	12,650	+33.8%
Total				356,220	

Service Mix Shift — A Positive Structural Indicator

The most significant trend: emergency services (SRV 7a) declined 23.2% while upstream interventions (employment, education, case management) all grew. This shift confirms the program is engaging clients earlier and reducing crisis-level need. Case management (+51.1%) is now the largest service — confirming NSU’s whole-family coordinated approach is scaling effectively.

Additional Highlights

- **Housing: 4,855 evictions prevented across 6,935 households served over 5 years**
- **Health: 2,938 referrals to clinical care generated from 19,590 health navigation units**
- **Child care: 9,884 children served; 54.7% under age 5 in FY2025**

Employment Pipeline Analysis

Stage	FY2025 Clients	Rate
Enrolled in Employment Training (SRV 4c)	1,190	—
Received Job Placement Support (SRV 4i)	963	80.9%
Obtained Employment (FNPI 4e Achieved)	213	42.9% of trained

The 42% training-to-employment conversion has remained static for three years — employer partnership development is the primary lever for FY2026 improvement.

PAGE 4 — TRANSITION OUT OF POVERTY (TOP) & FINANCIAL SUMMARY

TOP Annual Performance

FY	Goal	Achieved	Success Rate	FPL Point Gain
FY2021	340	298	87.6%	+31.7 pts
FY2022	355	321	90.4%	+34.5 pts
FY2023	370	340	91.9%	+38.5 pts
FY2024	385	357	92.7%	+41.5 pts
FY2025	400	374	93.5%	+44.9 pts
5-Year	1,850	1,690	91.4%	+38.2 avg

TOP success rate of 91.4% is the strongest indicator in the NSU portfolio. Clients are entering deeper in poverty year-over-year (avg starting FPL: 62.4% in FY2021 to 58.9% in FY2025) while simultaneously achieving greater FPL gains — confirming the program is reaching its most vulnerable target population more effectively.

TOP Pathways to Stability (FY2023–FY2025 Average)

Pathway	% of TOP Achievers	Avg Months to Stability
Employment (primary pathway)	48.3%	8.2
Education + Employment (combined)	22.6%	14.7
Benefits Optimization	16.4%	6.1
Housing Stability + Income	12.7%	11.3

Financial Summary (FY2021–FY2025)

Category	FY2021	FY2025	5-Yr Total	% of Total
Personnel	\$1,124,800	\$1,387,200	\$6,260,300	62.4%
Fringe Benefits	\$304,700	\$375,000	\$1,692,700	16.9%
Other	\$389,500	\$437,800	\$2,075,000	20.7%
Total	\$1,819,000	\$2,200,000	\$10,029,000	100%

FY2026 Budget Execution (YTD — Q2)

Category	Budget	Expended	% Used
Personnel	\$1,474,200	\$692,100	46.9%
Fringe Benefits	\$399,600	\$186,300	46.6%
Other	\$466,200	\$214,000	45.9%
Total	\$2,340,000	\$1,092,400	46.7%

On pace at Q2 midpoint. Projected surplus ~\$121,000 — recommend redirecting toward FY2027 early childhood staffing.

Cost Efficiency

Metric	FY2021	FY2025	Change
Cost per Client	\$296	\$267	-9.8%
Cost per FNPI Achievement	\$377	\$301	-20.2%
Cost per TOP Outcome	\$6,106	\$5,882	-3.7%

PAGE 5 — STRATEGIC RECOMMENDATIONS & OUTLOOK

Top Priorities for FY2026–FY2028

Priority 1: Close the Employment Conversion Gap (FNPI 4 to 4e)

Training-to-placement conversion has remained static at ~42% for three consecutive years. A structured employer partnership cohort engaging major Austin employers in healthcare, construction, and hospitality is recommended at Dove Springs, Rundberg, and Rosewood-Zaragosa beginning FY2026 Q3.

Investment: \$85,000 / Timeline: FY2026 Q3

Priority 2: Strengthen Early Childhood Programming (FNPI 5b)

School readiness outcomes lag all other FNPI indicators. Two dedicated early childhood specialists at George Morales and Rosewood-Zaragosa are projected to increase FNPI 5b by 4–6 percentage points annually.

Investment: \$142,000/year / Timeline: FY2026 Q4

Priority 3: Multi-Year Outcome Tracking Dashboard

Current annual reporting undercounts completions for clients on 18–24 month education or career pathways. A longitudinal cohort dashboard would better reflect program impact and likely improve reported FNPI 5d success rates.

Investment: \$32,000 one-time / Timeline: FY2026 Q3–Q4

Priority 4: Northeast Center Capacity Review

Northeast Center's TOP achievement (34) is 36% below the center average (53). An organizational capacity audit and case management staffing review is recommended to address the senior/veteran population's distinct service needs.

Investment: \$18,000 / Timeline: FY2026 Q3

Priority 5: Federal Funding Contingency Reserve

Given CSBG reauthorization uncertainty, establish a contingency reserve at 15% of annual contract value to protect service continuity from mid-year federal funding disruptions.

Reserve: \$351,000 | Timeline: FY2027

Five-Year Outlook: FY2026–FY2030

Metric	FY2025 Actual	FY2028 Projected	FY2030 Projected
Annual Enrollment	8,227	~9,400	~10,500
FNPI Composite Rate	73.9%	78–80%	80–82%
TOP Success Rate	93.5%	93–95%	93–95%
Cost per Client	\$267	<\$275	<\$280
Emergency Service Units	9,870	↓ 15–20%	↓ 25–30%

NSU’s OASIS program represents one of the City of Austin’s most measurably effective antipoverty investments. Five years of data demonstrate consistent outcome improvement, growing service reach, and strong fiscal stewardship. The strategic investments recommended here are designed to convert that momentum into transformational neighborhood-level impact.
